***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: The prior art fail to teach or suggest a thermal sheath comprising an inner tubular substrate that has an exterior surface with a plurality of recesses therein, the substrate being longitudinally and radially elastically deformable between a relaxed configuration and an expanded configuration in which a length or a radius of the substrate is larger than in the relaxed configuration; and a reflective foil fixed to the substrate and contacting the exterior surface only intermittently so as to form air pockets, the reflective foil being arranged on the substrate to have a plurality of indentations that correspond to the plurality of recesses when the substrate is in the relaxed configuration and that disappear when the substrate is elastically deformed from the relaxed configuration to expanded configuration.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jane Rhee whose telephone number is 571-272-1499. The examiner can normally be reached on M-F 9-6.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Harold Pyon can be reached on 571-272-1498. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
